

## Volunteer Position Descriptions

- Position Title:** **Walker Scorer**
- Description:** One walker scorer is allocated to a specific playing group at a set starting time and will accompany the group for the 18 hole round. Walker scorers keep the score and statistics of the players in their designated group. Upon reporting for duty, each walking scorer is allocated a two-way radio and a scoring sheet for their group of players.  
At the completion of each hole, each scorer is required to radio the score for each player to the Tournament Administration Office (Base Station).
- Key Responsibility:** This role is vital in ensuring that live scoring can take place on the internet and can be accurately maintained over the duration of the event.  
Recording accurately the scores and statistics of each playing group.
- Additional Responsibility:** Distribute to & collect bibs from player's caddy.  
Each player's caddy is required to wear a caddy jacket (bib) for each round of the Championship. This assists spectators being able to recognize competing players and in the overall promotion of the event. In the event of the player not having a caddy the spare bib can be left with the starter.
- Attributes:** A solid knowledge of golf. Attention to detail and ability to monitor player scores and statistics throughout the game.  
Ability to use a two-way radio (training will be provided).  
A clear voice that can be understood.  
A calm and non-intrusive approach to ensure minimum impact on playing group.  
Ability to walk 18 holes.
- Time commitment:** Preferably, a minimum of two days over the four-day tournament. Duration of shifts will be one 18 hole round, approximately 4.5 hours.  
On all days, shifts will begin between approximately 7.00 am - 9.00 am  
or 11:30 am - 1:30 pm  
Available to attend training session prior to event.
- Other:** Men's and Women's groups will be allocated separate radio frequencies. Golf Rules will also have a separate frequency. If during the course of a round a ruling is required, a scorer will simply change frequencies from their designated scoring frequency to the rules frequency and call for a ruling. All scorers will be instructed on how to use radios including changing frequencies – it's very simple and easy to understand.  
  
Up to 90 walking scorers will be required for Thursday and Friday while approximately 40 walking scorers will be required for the weekend rounds.
